7.3.1 Class of Service

Four classes of Operator Services are offered:

a. Operator Station-to-Station

Operator Station-to-Station calls allow for completion of operator assisted service to the desired telephone number when the calling party does not specify a particular person to be reached, nor a particular station, department or office to be reached through a communications system attendant. An exception to this service category is outlined in 7.3.1 b. below.

Credit Card Station-to-Station calls allow for completion of non-operator assisted calls when one of the following dialing sequences is utilized:

0 + NPA + NXX-XXXX + Credit Card Number

00 + NPA + NXX-XXXX + Credit Card Number

Calling party inserts a credit card into a card reader (where equipment is available) dials the digit zero, or double zero, plus NPA-NXX-XXXX.

In addition, a call is considered as Credit Card Station-to-Station when the calling party dials:

0 + NPA + NXX-XXXX or

00 + NPA + NXX-XXXX, and the credit card number is given to the operator if INS does not have automatic recording equipment to record the credit card number, and the call is not classified as Person-to-Person as described in 7.3.1 c below.

c. Person-to-Person Service

Person-to-Person Service allows the person originating the call to specify to an operator a particular person to be reached, or a particular station, department, or office to be reached through a communications system attendant. When, after the telephone communications system has been connected and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other person, station, department, or office to be reached through a communications system attendant, the classification of the call remains Person-to-Person.

When the person originating the call wishes the operator to make arrangements in advance with a particular party or station for the establishment of a connection at a specific time (appointment call), the call is classified as Person-to-Person.

d. Call Completion Service

If the caller asks or accepts the operator offer to dial an end user number for the calling party, a separate charge applies.
